

## CASE STUDIES : SMELTER

PROJECT :  
SMELTER MANYAR PLANT

LOCATION :  
GRESIK, INDONESIA

OWNER :  
NOV FIBERGLASS

YEAR :  
2023

### WHAT WE DELIVERED

DIAMETER

1800 MM

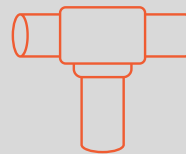

PRESSURE

10 BAR

METERS

1 KM

JOINTS

BUTT AND WRAP

DELIVERING

PIPE RACK ABOVEGROUND

NOV Fiberglass utilized ORI's 1800mm pipes for the Smelter Manyar Plant project in Gresik. Installed in a pipe rack aboveground, these pipes were engineered to withstand the demanding conditions of a smelter facility. Completed in 2022, the project showcases ORI's expertise in providing durable and high-performance piping solutions
